---

## PROFESSIONAL SUMMARY

DevOps Engineer with 7+ years of cloud, automation, and Kubernetes expertise, delivering scalable, secure, and cost-optimized infrastructure on AWS/GCP/Azure. Cut deployment cycles from 2–3 days to 15–30 minutes and reduced manual work by 80% through automation and CI/CD modernization. Proven track record in managing production Kubernetes clusters, building 15+ pipelines, and driving 20–30% cloud cost savings.

## CORE SKILLS

AWS, GCP, Azure • Kubernetes (EKS/AKS/GKE) • Docker • Terraform • Ansible

GitHub Actions, GitLab CI, Jenkins • GitOps/ArgoCD • Helm

Python • Bash • Linux • Prometheus • Grafana • Loki • ELK

Networking (CCNA) • IAM • KMS • Secrets Management • CI/CD Automation • SRE Practices

## PROFESSIONAL EXPERIENCE

### **Automation / Platform Engineer — Emapta (Remote) | Nov 2022 – Present**

- Reduced AWS costs by 20–30% via autoscaling, spot instances, and optimization.
- Improved engineering velocity by 40% and automated 80% of manual tasks.
- Shortened release cycles from 2–3 days to 15–30 minutes.
- Built 15+ CI/CD pipelines used by 7–10 engineers.
- Managed 3 EKS clusters hosting 8–10 microservices with autoscaling.
- Modernized legacy systems into containerized microservices.

### **DevOps Lead — Kumu Inc. (Remote) | Nov 2021 – Nov 2022**

- Built GitHub Actions pipelines for production deployments.
- Implemented Kubernetes ingress, TLS, and blue/green rollouts.
- Improved platform stability and reduced cloud costs.

### **IT-DevOps Engineer / Team Lead — Parlay Games (Remote) | Jul 2020 – Dec 2021**

- Automated deployments using Docker, Terraform, and CI workflows.
- Containerized game servers to improve performance and stability.
- Led development sprints and CI/CD optimization.

### **Business & Integration Architect — Accenture | May 2018 – Mar 2021**

- Delivered enterprise automation and system integrations.
- Built Salesforce integrations and CI/CD workflows.
- Led teams and managed architecture and requirements.

### **Assistant IT Manager — Concentrix | Mar 2017 – Apr 2018**

- Automated device management workflows.
- Supported 500+ enterprise users and improved incident resolution.

### **Network & Systems Administrator — BROODtech | 2012 – 2016**

- Managed networks, servers, VLANs, routing, and security systems.

## CERTIFICATIONS

- Cisco Certified Network Associate (CCNA)
- ASC Accredited Engineer (IBM/Lenovo/MSI/ECS)
- 70-410 Windows Server Configuration
- Civil Service Professional Eligibility

## EDUCATION

Bachelor of Science in Information Technology  
St. Paul University Surigao, Philippines

## CHARACTER OF REFERENCE

### **Adrian Adriano**

Cybersecurity & Software Consultant – Oppos  
Email: adrian.adriano.tech@gmail.com | Viber: +63 917 675 4499

### **Alfred Ver**

DevSecOps – Technology Elite  
Email: alfred.ver@gmail.com | Contact: +63 905 483 0158

### **Tristan O. Cusi III**

Sr. Manager – Concentrix  
Email: tocusi@gmail.com | Contact: +63 920 961 1234

### **Neil Lyndon E. Pacatang**

IT Infrastructure Analyst – WTW Asia Pacific Data Centre Operations  
Email: neil.pacatang@hotmail.com | Contact: +65 9247 0300
